

Briar Ridge
Golf
for a **Cure**

Members of Briar Ridge Country Club know how to chip in for a good cause: cancer research. The Club held its sixth annual Golf for a Cure on July 13 with \$3,780 of the proceeds earmarked for the Community Cancer Research Foundation in Munster.

The golf fund raiser was organized to honor all cancer survivors, and as a memorial to remember a dear friend Elena McCreight, and all the loved ones we have lost to cancer, said Fay Donovan, Golf for a Cure committee member.
